Hello [FIRST NAME],

As the [Senior / Associate Pastor] who oversees our church or your neighborhood group, it's important for me to know that you, your family and your group are doing well during these times of uncertainty. Please remember that throughout this, God is still in control (Psalm 46:10). We should not be fearful (Isaiah 41:10) and we should not worry (Matthew 6:34). As the church, we have an opportunity during this time to be a light and to offer hope to those around us. WE can be the 'calm' during this storm (Matthew 8:23-27).

If there's any way I can pray for your family, please don't hesitate to let me know. My office number and email are below.
